DELUXE CORPORATION

Deluxe Corporation is the largest provider of checks in the United States, both in terms of revenue and number of checks produced. We design, manufacture and distribute a comprehensive line of printed checks. In addition to checks, we also offer checkbook covers, business forms, address labels, self-inking stamps, fraud prevention services and customer retention programs. We provide check printing services for approximately 10,000 financial institution clients nationwide, including banks, credit unions and financial services companies. We also market products directly to consumers and small businesses through the Internet and direct response marketing.

We operate through three business segments: Financial Services, Direct Checks and Business Services.

Financial Services is the nation's leading supplier of checks, related products and check merchandising services to financial institutions. Customers typically submit their check orders to their financial institution, which forwards those orders to us. We then process the orders and ship them directly to the customers. Financial Services produces a wide range of check designs, with many customers preferring one of the dozens of licensed designs we offer, including Disney®, Warner Brothers®, NASCAR™, Harley-Davidson®, Coca-Cola® and Laura Ashley®. Additionally, we offer enhanced services to our financial institution clients, such as customized reporting, file management, expedited account conversion support and fraud prevention. Our relationships with specific financial institutions are usually formalized through supply contracts averaging three to five years in duration.

Direct Checks is the nation's leading direct-to-consumer check supplier, selling under the Checks Unlimited® and Designer® Checks brands. Through these two brands, we sell personal and business checks, as well as related products, using the Internet and direct response marketing. We use a variety of direct marketing techniques to acquire new customers, including freestanding inserts in newspapers, in-package advertising, statement stuffers and co-op advertising. We also use e-commerce strategies to direct traffic to our websites. We continue to emphasize telephone and Internet contacts because they provide a more efficient way of selling products than through the mail. As a result, Direct Checks received over 20 percent of its order volume through the Internet in 2002 via three websites: www.checksunlimited.com, www.designerchecks.com and www.checks.com. There has been an overall softening in direct mail industry response rates causing some of the cooperative mailers and other businesses we have relied upon to distribute direct mail advertisements to reduce their circulation. This has made it challenging, and more costly, to acquire suitable advertising media for our traditional means of new customer acquisition. We are exploring new opportunities such as the Internet and other partners to replace traditional media sources.

Business Services is a leading supplier of checks, forms and related products to small businesses and home offices through financial institution referrals and via direct mail and the internet. We offer software-compatible laser checks and forms, manual business checks and forms, business cards, stationery and accessories and currently have a database of approximately 1.8 million customers. Business Services also works with financial institutions to help them better meet the needs of their small business customers. Through a successful business referral program, our financial institution clients refer new small business customers by calling us directly at the time of new account opening.

Among the challenges we face, and the risks inherent in investing in our debt securities, are that the paper check industry overall is a mature industry, and if the industry declines faster than expected, it could have a material adverse impact on our operating results. In addition our strategic initiatives for future growth may cost more than is anticipated and may not be successful. Also, the debt securities are effectively subordinated to the obligations of our subsidiaries.

Deluxe was incorporated in Minnesota in 1920. From 1920 to 1988, our company was named Deluxe Check Printers, Incorporated. Our principal executive offices are located at 3680 Victoria Street North, Shoreview, Minnesota 55126-2966, telephone (651) 483-7111.

RISK FACTORS

Investing in our debt securities involves risk, not all of which are described in this prospectus and any prospectus supplement. However, the Company has included the risk factors that it believes to be material in this prospectus, any prospectus supplements or the reports to the SEC incorporated by reference into this prospectus in the “Where You Can Find More Information; Incorporation By Reference” section. In particular, you should review the risk factors disclosures contained in our quarterly report on Form 10-Q for the quarter ended March 31, 2003. You should carefully consider the risks and uncertainties described below and any risk factors in any prospectus supplement and our reports to the SEC incorporated by reference into this prospectus along with the other information in this prospectus and the accompanying prospectus supplement before deciding whether to purchase any debt securities we may offer. If any of the following risks or the risks contained in the supplemental prospectus or our reports to the SEC actually occur, our business and operating results could be harmed. This could cause the value of the purchased debt securities to decline, and you may lose all or part of your investment.

The paper check industry overall is a mature industry and if the industry declines faster than expected, it could have a materially adverse impact on our operating results.

Check printing is, and is expected to continue to be, an essential part of our business and the principal source of our operating income. We primarily sell checks for personal and small business use and believe that there will continue to be a substantial demand for these checks for the foreseeable future. However, according to our estimates, total checks written by individuals and small businesses continued to decline slightly in 2002, and the total number of personal, business and government checks written in the United States has been in decline since the mid-1990s. We believe that checks written by individuals and small businesses will continue to decline due to the increasing use of alternative payment methods, including credit cards, debit cards, smart cards, automated teller machines, direct deposit, electronic and other bill paying services, home banking applications and Internet-based payment services. However, the rate and the extent to which alternative payment methods will achieve consumer acceptance and replace checks cannot be predicted with certainty. A surge in the popularity of any of these alternative payment methods could have a material, adverse effect on the demand for checks and a material adverse effect on our business, results of operations and prospects.

Our strategic initiatives may cost more than anticipated and may not be successful.

We are developing and evaluating plans and launching initiatives for future growth, including the development of additional products and services and the expansion of Internet commerce capabilities. These plans and initiatives will involve increased levels of investment. There can be no assurance that the amount of this investment will not exceed our expectations and result in materially increased levels of expense. The new products and services we develop may not meet acceptance in the marketplace. Also, Internet commerce initiatives involve new technologies and business methods and serve new or developing markets. There is no assurance that these initiatives will achieve targeted revenue, profit or cash flow levels or result in positive returns on our investment.

The debt securities are effectively subordinated to the obligations of our subsidiaries.

We conduct our operations through our subsidiaries. Although the debt securities are unsubordinated obligations, they will be effectively subordinated to all liabilities of our subsidiaries, to the extent of their assets. Our subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due under our indebtedness, including the debt securities, or to make any funds available to us, whether by paying dividends or otherwise, so that we can do so. Our subsidiaries currently do not have any borrowings outstanding. We have a corporate policy in place prohibiting the borrowings by them, although we have no restrictions on our ability to amend that policy at any time.

USE OF PROCEEDS

Unless otherwise specified in an applicable prospectus supplement, the net proceeds we receive from the sale of the debt securities will be used for general corporate purposes. General corporate purposes may include funding our share repurchases under our repurchase program, refinancing of debt, capital expenditures, working capital or financing for possible acquisitions. We do not currently have any definitive agreements, arrangements or understandings regarding any particular acquisition.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the ratio of our earnings to our fixed charges for the periods indicated.

	Year Ended December 31,					Three Months Ended March 31,
	1998	1999	2000	2001	2002	2003
Ratio of Earnings to Fixed Charges (1)	14.5	19.2	18.7	33.2	42.6	17.1

- (1) For the purpose of computing the ratios of earnings to fixed charges, earnings consist of income from continuing operations before income taxes, plus fixed charges, plus a proportional share of earnings of 50 percent owned companies, less equity in undistributed earnings of companies owned less than 50 percent. Fixed charges consist of interest on all indebtedness, amortization of debt discount and expense and that portion of rental expense deemed to be representative of interest.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities. The prospectus supplement will describe the specific terms of the debt securities offered through that prospectus supplement and any general terms or provisions outlined in this section that will not apply to those debt securities. As of March 31, 2003, we had \$419,586,000 of total debt outstanding, none of which will rank senior to the debt securities described below.

The debt securities will be issued under an indenture between us and Wells Fargo Bank Minnesota, N.A., as trustee. As used in this prospectus, “debt securities” means the debentures, notes, bonds and other evidences of indebtedness that we issue and the trustee authenticates and delivers under the indenture.

We have summarized the material terms and provisions of the indenture in this section. We have also filed the indenture as an exhibit to the registration statement. You should read the indenture for additional information before you buy any debt securities. The summary that follows includes references to section numbers of the indenture so that you can more easily locate these provisions.

General

The debt securities will be our direct, senior and unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness. The indenture does not limit the amount of debt securities that we may issue. The indenture permits us to issue debt securities from time to time, and debt securities issued under the indenture will be issued as part of a series that has been established by us under the indenture. (Section 301)

A prospectus supplement (including any separate pricing supplement) relating to a series of debt securities being offered will include specific terms relating to the offering. (Section 301) These terms will include some or all of the following:

- the title and type of the debt securities;
- any limit on the total principal amount of the debt securities;
- the purchase price of the debt securities;
- the person to whom any interest on the debt securities is to be paid, if different from the registered holder of the debt securities;
- the date or dates on which the debt securities will be payable or the method by which those dates can be determined;
- the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which that interest will accrue;
- the record and interest payment dates for the debt securities;
- the place where the principal, premium and interest on the debt securities will be payable;
- any obligation or option we have to redeem, purchase or repay debt securities, or any option of the registered holder to require us to redeem or repurchase debt securities and the terms and conditions upon which the debt securities will be redeemed, purchased or repaid;
- any sinking fund provisions that would obligate us to redeem the debt securities prior to their final maturity;
- the denomination of the debt securities, if other than a denomination of \$1,000 or a multiple of \$1,000;
- the currency or currencies in which the debt securities will be denominated and payable, if other than U.S. dollars and, if a composite currency, any special provisions relating thereto;

Table of Contents

- Y any changes or additions to or deletions of the events of default or covenants contained in the indenture;
- Y if other than the entire principal amount, the portion of the principal amount of the debt securities which will be payable upon acceleration of the maturity of the debt securities;
- Y any index used to determine the amount of payment of principal, premium and interest on the debt securities;
- Y whether the debt securities are to be issued, in whole or in part, in the form of one or more global securities and, if so, the depository for those global securities and the circumstances under which any of those global securities may be exchanged or transferred to a person other than that depository or its nominee;
- Y any covenant included for the benefit of the debt securities in addition to those included in the indenture;
- Y whether and under what terms and conditions we may defease the debt securities or any of the covenants; and
- Y any other material terms of the debt securities.

Payment; Transfer

We will designate a place of payment where you can receive payment of the principal of and any premium and interest on the debt securities or transfer the debt securities. Even though we will designate a place of payment, we may elect to pay any interest on the debt securities by mailing a check to the person listed as the owner of the debt securities in the security register. (Sections 301, 305, 1001 and 1002)

There will be no service charge for any registration of transfer or exchange of the debt securities, but we may require you to pay any tax or other governmental charge payable in connection with a transfer or exchange of the debt securities. (Section 305)

Denominations

Unless the prospectus supplement states otherwise, the debt securities will be issued only in registered form, in denominations of \$1,000 each or multiples of \$1,000. (Section 302)

Original Issue Discount

Debt securities may be issued under the indenture as original issue discount securities and sold at a substantial discount below their stated principal amount. If a debt security is an "original issue discount security," that means that an amount less than the principal amount of the debt security will be due and payable upon an acceleration of the maturity of the debt security under the indenture. (Section 101) The applicable prospectus supplement will describe the federal income tax consequences and other special factors which should be considered prior to purchasing any original issue discount securities.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. The specific terms of the depository arrangements with respect to a series of debt securities will be described in the applicable prospectus supplement.

Restrictive Covenants

Restriction on Secured Debt

We will not, nor will we permit any Restricted Subsidiary to issue, assume or guarantee any indebtedness secured by a pledge, mortgage, security interest, lien or other encumbrance (pledges, mortgages, security interests, liens and other encumbrances are called "liens") upon any Principal Property or upon any shares of capital stock or indebtedness of any Restricted Subsidiary (whether the Principal Property, shares or indebtedness are now owned or are acquired in the future), without effectively providing that all of the debt securities issued under the indenture are secured equally and ratably. These restrictions do not apply to indebtedness secured by liens existing on the date of the indenture or to:

- liens on any property existing at the time of its acquisition;
- liens on property of a company existing at the time it is merged into or consolidated with us or a Restricted Subsidiary or at the time of a sale, lease, or other disposition of the properties of a company as an entirety or substantially as an entirety to us or a Restricted Subsidiary;
- liens on property of a company existing at the time it becomes a Restricted Subsidiary;
- liens securing inter-company indebtedness;
- liens to secure all or part of the cost of acquisition, construction or improvement of the underlying property; provided that the commitment of the creditor to extend the credit secured by the lien is obtained within 120 days before or after the completion of the acquisition, construction or improvement;
- liens in favor of any foreign or domestic governmental agency to secure certain payments;
- certain liens imposed by operation of law;
- liens consisting of easements, rights-of-way, zoning restrictions, restrictions on the use of real property or other title defects which do not materially impair the use of the real property or materially detract from the value of the real property; and
- any extension, renewal or replacement of any of the liens referred to above, provided that the principal amount of the indebtedness secured by the lien is not increased and the lien is limited to all or part of the same property, shares of stock or indebtedness. (Section 1007)

Notwithstanding these restrictions, we and our Restricted Subsidiaries may, without securing the debt securities, issue or assume secured debt so long as, after giving effect thereto, the aggregate amount of secured debt (not including secured debt permitted under the specific exceptions listed above) and the aggregate Attributable Debt of the Sale and Leaseback Transactions entered into (other than those permitted under the specific exceptions described in "*Restriction on Sale and Leaseback Transactions*") together do not exceed 10% of Consolidated Total Assets.

Restriction on Sale and Leaseback Transactions

We will not, nor will we permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction with a term of more than three years with respect to any Principal Property, unless:

- at the time of entering into such arrangement, we or our Restricted Subsidiary would, without equally and ratably securing the debt securities, be entitled to incur indebtedness secured by a lien on the property pursuant to one of the exceptions discussed in "*Restriction on Secured Debt*";
- we apply, within 120 days after the date of the Sale and Leaseback Transaction, an amount equal to the net available proceeds from the sale of the Principal Property to the retirement of any of our indebtedness with a term of more than 12 months, which may include retirement of the notes; or

Table of Contents

- Y after giving effect thereto, the aggregate amount of secured debt (not including secured debt permitted under the exceptions listed above) and the aggregate Attributable Debt of the Sale and Leaseback Transactions (not including those permitted by the two exceptions listed above) together do not exceed 10% of Consolidated Total Assets. (Section 1008)

Definitions Used in the Restrictive Covenants

For purposes of the covenants described above:

“Attributable Debt” means, as of the date of determination, the present value (discounted at the rate of interest implicit in the terms of the lease) of the obligation of the lessee for Net Rental Payments during the remaining term of the lease.

“Consolidated Total Assets” means the total of all the assets appearing on the consolidated balance sheet of Deluxe and its subsidiaries, determined according to U.S. generally accepted accounting principles applicable to the type of business in which Deluxe and its subsidiaries are engaged, all as shown in the consolidated balance sheet of Deluxe for its most recent quarter prior to the event for which the determination is being made.

“Net Rental Payments” means the sum of the rental and other payments required to be paid in the period by the lessee under the lease, but excluding payments on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges, and any amounts required to be paid by the lessee that are contingent upon the amount of sales, maintenance and repairs, insurances, taxes, assessments, water rates or similar charges.

“Principal Property” means any manufacturing plant (consisting of real estate, buildings and fixtures) located within the United States of America (other than its territories or possessions) owned by us or any of our subsidiaries, which individually has a gross book value (without deduction of any depreciation reserves), on the date when the determination is being made, in excess of 2% of Consolidated Total Assets (as defined above). However, a Principal Property does not include any manufacturing plant to the extent it is financed by obligations issued by a State or local governmental unit pursuant to Section 142(a)(5), 142(a)(6), 142(a)(8) or 144(a) of the Internal Revenue Code of 1986, as amended, or any successor provision thereof. A Principal Property also does not include any manufacturing plant that is not of material importance to the business conducted by us or our subsidiaries, taken as a whole.

“Restricted Subsidiary” means any of our subsidiaries that owns or leases a Principal Property.

Consolidation, Merger or Sale

The indenture generally permits a consolidation or merger between us and another corporation, partnership or trust organization. It also permits the sale or transfer by us of all or substantially all of our property and assets to another corporation, partnership or trust organization. These transactions are permitted if:

- Y the resulting or acquiring corporation, if other than us, assumes by supplemental indenture all of our responsibilities and liabilities under the indenture, including the payment of all amounts due on the debt securities and performance of the covenants in the indenture;
- Y immediately after the transaction, no event of default exists or will exist; and
- Y we have delivered to the trustee an officer’s certificate and an opinion of counsel representing that the transaction and the related supplemental indenture comply with the indenture. (Section 801)

If we consolidate or merge with or into any other entity or sell all or substantially all of our assets according to the terms and conditions of the indenture, the resulting or acquiring entity will be substituted for us in the indenture, with the same effect as if it had been an original party to the indenture. As a result, the successor entity

[Table of Contents](#)

may exercise our rights and powers under the indenture, in our name or in its own name and we will be released from all our liabilities and obligations under the indenture and under the debt securities. (Section 802)

Events of Default

Unless otherwise stated in the applicable prospectus supplement, an “event of default,” when used with respect to any series of debt securities, means any of the following:

- failure to pay interest on any debt security of that series for 30 days after the payment is due;
- failure to pay the principal of or any premium on any debt security of that series when due;
- failure to deposit any sinking fund payment required on debt securities of that series when due;
- failure to perform any other covenant in the indenture that applies to debt securities of that series for 60 days after we have received written notice of the failure to perform in the manner specified in the indenture;
- certain events in bankruptcy, insolvency or reorganization; or
- any other event of default that may be specified for the debt securities of that series when that series is created. (Section 501)

Acceleration

If an event of default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the series may declare the entire principal of all the debt securities of that series to be due and payable immediately. (Section 502)

Rescission of Acceleration

After the declaration of acceleration has been made and before the trustee has obtained a judgment or decree for payment of the money due on any series of debt securities, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series may rescind and annul the declaration and its consequences, if:

- we pay or deposit with the trustee a sum sufficient to pay:
 - all overdue interest;
 - the principal and any premium which have become due other than by the declaration of acceleration and overdue interest on these amounts;
 - interest on the overdue interest, to the extent lawful;
 - all amounts due the trustee under the indenture; and
- all events of default with respect to that series of debt securities, other than the nonpayment of the principal which has become due solely by the declaration of acceleration, have been cured or waived, as provided in the indenture. (Section 502)

The prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions that relate to the acceleration of maturity of a portion of the principal amount of that series when an event of default occurs and continues.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series of debt securities issued under the indenture.

Table of Contents

The indenture requires us to file an officers' certificate with the trustee each year regarding our performance of certain obligations under the indenture and which states that certain defaults do not exist under the terms of the indenture. (Section 704)

Other than its duties in the case of a default, a trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders, unless the holders offer the trustee reasonable indemnification. (Sections 601, 603) If reasonable indemnification is provided, then, subject to certain other rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series may, with respect to the debt securities of that series, direct the time, method and place of:

- conducting any proceeding for any remedy available to the trustee; or
- exercising any trust or power conferred upon the trustee. (Section 512)

The holder of a debt security of any series will have the right to begin any proceeding with respect to the indenture or for any remedy only if:

- the holder has previously given the trustee written notice of a continuing event of default with respect to that series;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request of, and offered reasonable indemnification to, the trustee to begin the proceeding;
- the trustee has not started the proceeding within 60 days after receiving the request; and
- the trustee has not received directions inconsistent with the request from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series during those 60 days. (Section 507)

However, the holder of any debt security will have an absolute right to receive payment of principal of and any premium and interest on the debt security when due and to institute suit to enforce the payment. (Section 508)

Modification and Waiver

Without Holder Consent

Under the indenture, we and the trustee can modify or amend the indenture without the consent of any holder of debt securities for the following purposes:

- to evidence the succession of another entity to us;
- to add any covenants or other provisions for the benefit of the holders of all or any series of debt securities, or to surrender any right or power conferred upon us;
- to add any additional events of default for all or any series of debt securities;
- to provide for the issuance of bearer securities;
- to change or eliminate any provision of the indenture or to add any new provision to the indenture (i) that does not apply to any debt securities that are created prior to the modification and does not modify the right of the holders of those debt securities with respect to those provisions, or (ii) when there is no debt security that would be affected by the modification outstanding;
- to provide security for the debt securities of any series;
- to establish the form or terms of debt securities of any series as permitted by the indenture;

Table of Contents

- to evidence and provide for the acceptance of appointment of a separate or successor trustee; or
- to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the holders of the debt securities in any material respect. (Section 901)

With Holder Consent

Under the indenture, we and the trustee can modify or amend the indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of all series of debt securities affected by the modification or amendment, acting as one class. However, we may not, without the consent of the holder of each debt security affected:

- change the stated maturity date of any payment of principal or interest;
- reduce the principal amount, premium amount or interest due on the debt securities;
- reduce the amount of principal of an original issue discount debt security due upon acceleration of its maturity;
- change the place of payment or currency in which any payment on the debt securities is payable;
- limit a holder's right to sue us for the enforcement of certain payments due on the debt securities;
- reduce the percentage of outstanding debt securities required to consent to a modification or amendment of the indenture;
- reduce the percentage of outstanding debt securities required to waive compliance of certain provisions of the indenture or to waive certain defaults under the indenture; or
- modify any of the foregoing requirements or the requirements of waiver of restrictive covenants and past defaults discussed below. (Section 902)

Under the indenture, the holders of a majority in aggregate principal amount of the outstanding debt securities of the series of debt securities affected by a particular covenant or condition, may on behalf of all holders of that series, waive compliance by us with certain restrictive covenants or conditions of the indenture. (Section 1010)

In addition, under the indenture, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of that series, waive any past default under the indenture, except:

- a default in the payment of the principal of or any premium or interest on any debt securities of that series; or
- a default under any provision of the indenture which itself cannot be modified or amended without the consent of the holders of each outstanding debt security of that series. (Section 513)

Defeasance

Defeasance and Discharge. We will be discharged from our obligations on the debt securities of any series if we deposit with the trustee, in trust, sufficient money or U.S. government obligations to pay the principal, interest, any premium and any other sums due on the debt securities of that series, such as sinking fund payments, on the dates the payments are due under the indenture and the terms of the debt securities. (Section 403) As used in this document, "U.S. government obligations" mean the direct obligations of the United States of America, backed by its full faith and credit. (Section 101)

Table of Contents

However, in addition to fulfilling certain other requirements, we can only be discharged from our obligations under any series of debt securities if:

- we deliver to the trustee an opinion of counsel and an officer's certificate confirming that there has been a change in applicable Federal law, or the United States Internal Revenue Service has either published or given us a ruling to the effect that the discharge will not result in a taxable event for the holders of the debt securities; and
- we deliver to the trustee an opinion of counsel and an officer's certificate confirming that the discharge of our obligations under the debt securities will not cause that series of debt securities to be de-listed from the New York Stock Exchange or any other securities exchange if it was originally listed there. (Section 403)

In the event that we deposit funds in trust and discharge our obligations under a series of debt securities as described above, then:

- the indenture will no longer apply to the debt securities of that series (except for obligations to compensate, reimburse and indemnify the trustee, to register the transfer and exchange of debt securities, to replace lost, stolen or mutilated debt securities and to maintain paying agencies and the trust funds); and
- holders of debt securities of that series can only look to the trust fund for payment of principal, any premium and interest on the debt securities of that series. (Section 403)

Defeasance of Certain Covenants. We will be discharged from our obligations under the following covenants of the indenture if we deposit with the trustee, in trust, sufficient money or U.S. government obligations to pay the principal, interest, any premium and any other sums due on the debt securities of that series, such as sinking fund payments, on the dates the payments are due under the indenture and the terms of the debt securities:

- Maintenance of Properties (Section 1005);
- Payment of Taxes and Other Claims (Section 1006);
- Restrictions on Secured Debt (Section 1007);
- Restrictions on Sale and Leaseback Transactions (Section 1008);

However, in addition to fulfilling certain other requirements, we can only be discharged from our obligations under any covenants of any series of debt securities if:

- we deliver to the trustee an opinion of counsel confirming that the discharge will not result in a taxable event for the holders of that series of debt securities; and
- we deliver to the trustee an opinion of counsel and an officer's certificate confirming that the discharge of our covenant obligations will not cause that series of debt securities to be de-listed from the New York Stock Exchange or any other securities exchange if it was originally listed there. (Section 1009)

Defeasance and Events of Default. If we exercise our option not to comply with the certain covenants listed above and the debt securities of that series become immediately due and payable because an event of default has occurred, the amount of money and/or U.S. government obligations on deposit with the trustee will be sufficient to pay the principal, interest, any premium and any other sums, due on the debt securities of that series (such as sinking fund payments) on the date the payments are due under the indenture and the terms of the debt securities, but may not be sufficient to pay amounts due at the time of acceleration. However, we would remain liable for the balance of the payments.

Redemption

The prospectus supplement will describe the provisions, if any, for redemption of the debt securities at our option.

Unless otherwise described in the prospectus supplement, we are not required to make mandatory redemption or sinking fund payments. The prospectus supplement will describe the provisions, if any, regarding sinking fund provisions.

Regarding the Trustee

The trustee is trustee under the Indenture, dated October 27, 1995, between us and the trustee. The trustee also is a lender under our credit facilities. The trustee provides us with cash management and other banking and advisory services in the ordinary course of business from time to time and is one of our customers and purchases products and services from us in the ordinary course of business. The trustee also acts as our stock transfer and stock options agent.

Governing Law

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

PLAN OF DISTRIBUTION

We may offer and sell the debt securities offered under this prospectus as follows:

- directly to purchasers;
- through agents;
- to underwriters or dealers for resale; or
- through a combination of any of these methods of sale.

The distribution of the debt securities offered under the prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

If the applicable prospectus supplement indicates, we may authorize underwriters, dealers or our agents to solicit offers by institutions to purchase the debt securities from us under contracts that provide for payment and delivery on a future date. The prospectus supplement will specify the conditions of these contracts and the commission payable for solicitation of the contracts.

In connection with the sale of debt securities, underwriters may receive compensation from us or from purchasers of debt securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell debt securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions, or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of debt securities offered under the prospectus will be considered underwriters as defined in the Securities Act. Any underwriters or agents will be identified and their compensation (including underwriting discount) will be described in the prospectus supplement. The prospectus supplement will also describe the other terms of the offering, including any discounts, concessions or commissions allowed or re-allowed or paid to dealers and any securities exchanges on which the offered securities may be listed.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make as a result of those certain liabilities.

When we issue the debt securities offered under this prospectus, they will be new securities without an established trading market. If we sell the debt securities offered under this prospectus to an underwriter for public offering and sale, the underwriter may make a market for that security, but the underwriter will not be obligated to do so and could discontinue any market making without notice at any time. Therefore, we cannot give any assurances to you concerning the liquidity of any debt security offered under this prospectus.

Underwriters and agents and their affiliates may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of their businesses. In connection with the distribution of debt securities, we may enter into swap or other hedging transactions with, or arranged by, underwriters or agents for the debt securities or affiliates of such persons. These underwriters and agents and their affiliates may receive compensation, trading gain or other benefit from these transactions.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i) and (1)(ii) above do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any

[Table of Contents](#)

action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

The undersigned registrant hereby also undertakes that:

(1) for purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance on Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective; and

(2) for the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act of 1939, as amended, in accordance with the rules and regulations prescribed by the SEC under section 305(b)(2) thereof.

Re: Registration Statement on Form S-3

Ladies and Gentlemen:

We have acted as counsel to Deluxe Corporation, a Minnesota corporation (the "Company"), in connection with a Registration Statement on Form S-3 (the "Registration Statement") relating to the proposed sale from time to time of debt securities of the Company in one or more series for an aggregate initial offering price of up to \$500,000,000 (the "Debt Securities") pursuant to an Indenture dated as of April 30, 2003 (the "Indenture"), by and between the Company and Wells Fargo Bank Minnesota, N.A., as Trustee (the "Trustee").

We have examined such documents, including resolutions of the Board of Directors of the Company, adopted on April 29, 2003 (the "Resolutions"), and have reviewed such questions of law as we have considered necessary and appropriate for the purposes of our opinion set forth below. In rendering our opinion, we have assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures and the conformity to authentic originals of all documents submitted to us as copies. We have also assumed the legal capacity for all purposes relevant hereto of all natural persons and, with respect to all parties to agreements or instruments relevant hereto other than the Company, that such parties had the requisite power and authority (corporate or otherwise) to execute, deliver and perform such agreements or instruments, that such agreements or instruments have been duly authorized by all requisite action (corporate or otherwise), executed and delivered by such parties and that such agreements or instruments are the valid, binding and enforceable obligations of such parties. As to questions of fact material to our opinion, we have relied upon certificates of officers of the Company and of public officials.

Based on the foregoing, we are of the opinion that, when the issuance of a series of Debt Securities has been authorized by the finance committee of the Board of Directors and the specific terms of that series of Debt Securities have been specified in a supplemental indenture or

DORSEY & WHITNEY LLP

an officer's certificate, which has been executed and delivered to the Trustee by an authorized officer of the Company in accordance with the terms of the Indenture, such series of the Debt Securities will have been duly authorized by all requisite corporate action and, when executed by the Company and authenticated by the Trustee as specified in the Indenture and delivered against payment therefor in the manner described in the Registration Statement, will constitute valid and binding obligations of the Company, enforceable in accordance with the terms of such series.

Our opinion set forth above is subject to the following qualifications and exceptions:

(a) Our opinion is subject to the effect of any applicable bankruptcy, insolvency, reorganization, moratorium or other similar law of general application affecting creditors' rights.

(b) Our opinion is subject to the effects of general

principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing, and other similar doctrines affecting the enforceability of agreements generally (regardless of whether considered in a proceeding in equity or at law).

(c) Minnesota Statutes ss. 290.371, Subd. 4, provides that any corporation required to file a Notice of Business Activities Report does not have a cause of action upon which it may bring suit under Minnesota law unless the corporation has filed a Notice of Business Activities Report and provides that the use of the courts of the State of Minnesota for all contracts executed and all causes of action that arose before the end of any period for which a corporation failed to file a required report is precluded. Insofar as our opinion may relate to the valid, binding and enforceable character of any agreement under Minnesota law or in a Minnesota court, we have assumed that any party seeking to enforce such agreement has at all times been, and will continue at all times to be, exempt from the requirement of filing a Notice of Business Activities Report or, if not exempt, has duly filed, and will continue to duly file, all Notice of Business Activities Reports.

(d) In rendering our opinion set forth above, we have assumed that, at the time of the authentication and delivery of a series of Debt Securities, (i) the Registration Statement will have been declared effective by the Securities and Exchange Commission and will continue to be effective, (ii) the Debt Securities of such series will have been offered and sold pursuant to the terms described in the Registration Statement and in compliance with the Securities Act, the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act") and any applicable state securities laws, and (iii) the Indenture and any supplement thereto relating to that series of Debt Securities shall have been qualified under the Trust Indenture Act.

(e) As of the date of this opinion, a judgment for money in an action based on a Debt Security denominated in a foreign currency or currency unit in a federal or state court in the United States ordinarily would be enforced in the United States only in United States dollars. The date used to determine the rate of conversion into United States dollars of the foreign currency or currency unit in which a particular Debt Security is denominated will depend upon various factors, including which court renders the judgment.

(f) To the extent that the obligations of the Company under the Indenture may be dependent upon such matters, we assume for purposes of this opinion that the Trustee is duly qualified to engage in the activities contemplated by the Indenture; and that the Trustee is in compliance, generally and with respect to acting as a trustee under the Indenture, with all applicable laws and regulations.

Our opinion expressed above is limited to the laws of the State of Minnesota, the State of New York and the federal laws of the United States of America.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement, and to the reference to our firm under the caption "Legal Matters" in the Prospectus constituting part of the Registration Statement.

Very truly yours,
